Dr. Edward Rachofsky M.D., Ph.D joined Cardiology Associates of Somerset County in August 2009. He is a specialist in General and Interventional Cardiology working at Somerset Medical Center, Somerville NJ and at Robert Wood Johnson University Hospital, New Brunswick NJ.

Dr. Rachofsky's principal interests are in diagnostic cardiac catheterization and percutaneous coronary intervention, and in endovascular therapies for peripheral vascular disease. He has particular expertise in peripheral arterial intervention, and is experienced in the use of state-of-the-art technologies including balloon angioplasty, stents, cryoballoon therapy, and directional, rotational, and laser atherectomy. He also practices clinical cardiology, echocardiography, and nuclear cardiology.

He received a Bachelor of Arts degree from Dartmouth College in Hanover NH. He earned M.D. and Ph.D. degrees from the Mount Sinai School of Medicine in New York, NY, and graduated as a member of the Alpha Omega Alpha medical honor society.

He completed internship and residency in Internal Medicine at New York Presbyterian Hospital, Weill-Cornell Medical Center in New York NY, and served as Assistant Chief Resident there. He completed fellowships in Cardiovascular Diseases and Interventional Cardiology at New York University Langone Medical Center.

He has conducted research on topics ranging from the medical and interventional therapy for coronary artery disease to the basic biology of the body's resistance to cancer. He is the author of numerous publications in peer-reviewed scientific journals and has presented his work often at national and international scholarly meetings.

Dr. Rachofsky is board-certified in Internal Medicine, Cardiology, and Echocardiography, and is board-eligible in Interventional Cardiology and Nuclear Cardiology. He is licensed to practice medicine in New Jersey and New York.
